#### PHILADELPHIA LAND BANK

#### MARCH 11, 2025 BOARD OF DIRECTORS MEETING MINUTES

A Regular Meeting of the Board of Directors of the Philadelphia Land Bank was held on Tuesday, March 11, 2025, at 1234 Market Street, 17<sup>th</sup> Floor Boardroom, Philadelphia, PA 19107, of which proper notices were given. A condensed certified transcript of this meeting is attached to these minutes as **Exhibit A**.

#### Call to Order

The meeting was called to order at 10:03 am.

Ms. Imredy Saah announced that prior to the Public Session, the Board held an Executive Session during which Mr. Rodriguez reviewed the meeting agenda, provided an update on the status of the Land Bank's discussions with the Sherrif's Office regarding the Land Bank's ability to exercise its priority bid to acquire properties at Sheriff's sales, and reported on the progress of the Land Bank's website.

#### Item I Roll Call

The following members of the Board of Directors reported present: Herbert Wetzel, Nicholas Dema, Maria Gonzalez, Andrew Goodman, Jenny Greenberg, Kelvin Jeremiah, Michael Johns, Rebecca Lopez-Kriss and Majeedah Rashid.

Majeedah Rashid arrived later, after the roll had been called.

Darwin Beauvais and Cornelius Brown were absent from the Board meeting.

The following Land Bank staff members were present: Angel Rodriguez, Andrea Imredy Saah, Esq., Karen Anaya, Todd Hestand, Cristina Martinez, Mathen Pullukattu, Brian Romano, Ashley Stukes-Martin and Carolyn Terry.

Public Attendees: The list of public attendees follows these minutes.

A quorum of Directors was present, and the meeting, having been duly convened, proceeded with business.

Ms. Imredy Saah reviewed the Board's public comment policy and requested that attendees sign up to make public comments and sign the attendance sheet.

## Item II Approval of Board Minutes

Chair Wetzel called for questions or comments from the Board regarding the minutes of the Board meeting of February 11, 2025. There were none.

Mr. Wetzel called for a motion regarding approval of the minutes.

Ms. Greenberg moved to approve the minutes. Mr. Johns seconded the motion.

Upon motion made and duly seconded, the Board approved the February 11, 2025 Board Meeting minutes.

## Item III Executive Director's Report

Mr. Rodriguez presented three items to the Board. First, Mr. Rodriguez reported on the approved changes to existing projects. Pursuant to Resolution No. 2023-32, the Executive Director of the Land Bank is authorized to, from time to time approve, on behalf of the Land Bank, increases in the Maximum Price of affordable homeownership units constructed by a developer as part of a Board-approved disposition. To that end, Mr. Rodriguez reported that he had approved increases in the Maximum Price for an unsolicited mixed-income development at Ludlow & 44<sup>th</sup> Street in the 3<sup>rd</sup> Council District. The project, led by developer Northern Libs Partners, LLC, which was approved by the Board on January 16, 2024 (Resolution 2024-1) and by City Council on February 29, 2024 (Resolution 240103), consists of nineteen (19) homeownership units:

- Four (4) condos at 60% AMI, sales price \$199,990;
- One (1) condo at 80% AMI, sales price \$250,000;
- Six (6) condos at 100% AMI, sales price \$280,000, eligible for Turn the Key;
- Three (3) market rate condos; and
- Five (5) single-family market rate homes.

Due to the significant lending and construction cost increases from the time of submission of the Board/Council approval and receipt of permits for the project to the current day, Mr. Rodriguez approved increases to the sales prices for the four (4) condos at 60% AMI from \$199,990 to \$229,900 and the one (1) condo at 80% AMI from \$250,000 to \$265,000. The AMI limits of the Board-approved disposition remain at 60%, 80%, and 100% AMI.

Next, Mr. Rodriguez announced to the Board the withdrawal of a previously approved disposition to BMK Properties, LLC for the development of 43 Turn the Key homes at 100% AMI with a sales price of \$280,000 in the 5<sup>th</sup> Councilmanic District. Although a Council resolution was transmitted to Council and placed on file on November 21, 2024, it was never introduced. Since more than 60 days had passed without any action, the application award was withdrawn.

Finally, Mr. Rodriguez provided the Board with an update on previously held and upcoming Turn the Key events, including a well-attended ribbon-cutting on March 4, 2025 at 10<sup>th</sup> Street and Cecil B. Moore Avenue, which the mayor attended. The featured homeowner was the Chief of Staff for Councilmember Kendra Brooks, the second staff member in her office to purchase a TTK home. Upcoming ribbon cuttings are scheduled for March 25<sup>th</sup> at 3031 Martha Street and April 9<sup>th</sup> at 2141 N. Franklin Street.

Chair Wetzel called for questions from the Board. There were none.

The Executive Director's report is attached to these minutes as **Exhibit B**.

#### Item IV Administrative Matters

#### **IV.A.** Interagency Transfer

Mr. Rodriguez asked the Board to authorize the transfer of 2444 Island Avenue and 7401 Wheeler Street to the City of Philadelphia Department of Public Property (DPP) for disposition, use and/or management by DPP, specifically for the expansion of the Schuylkill River Trail in the 2<sup>nd</sup> Councilmanic District.

Chair Wetzel called for questions from the Board.

Mr. Goodman asked if the properties would have trails built on them or whether they were part of a land swap to access water.

Mr. Rodriguez responded that the trail would be built on the properties. He explained that this falls under the Streets Department rather than the Department of Parks and Recreation and is part of the Mayor's Clean and Green initiative. The properties, currently owned by the Redevelopment Authority, will be transferred through the Land Bank to DPP.

Mr. Goodman requested that DPP provide a map to show how the trails will be built.

Mr. Wetzel asked whether the properties are on the east or west side of the Schuylkill River. Ms. Imredy Saah responded that they were on the east side.

No written comments were received prior to the Board meeting.

No one from the public signed up to speak on this agenda item.

Seeing no further questions from the Board or the public, Chair Wetzel called for a motion.

Ms. Lopez-Kriss moved to approve the interagency transfer to DPP. Mr. Johns seconded the motion.

Upon motion made and duly seconded, the Board unanimously approved the **Resolution Authorizing** Conveyance of 2444 Island Avenue and 7401 Wheeler Street to the City of Philadelphia (attached to these minutes as <u>Exhibit C</u>).

#### Item V Property Dispositions

#### V.A.1. Development – Mixed-Income Housing (unsolicited) - REMOVED

Chair Wetzel announced that this agenda item was removed from the agenda before the Board acted on the item, and asked the staff to revise the agenda to indicate that it was removed rather than tabled.

#### **Item V.A.2.** Development – Affordable Housing (unsolicited)

Senior Development Specialist Todd Hestand asked the Board to authorize the disposition of 5108 Chester Avenue, 6130 Ellsworth Street, and 4910 Kingsessing Avenue to C Schofield Finish Carpentry, LLC to develop three (3) single-family homeownership units in the 3<sup>rd</sup> Council District. Schofield is a

minority developer which has participated in a number of minority business development programs, including the City's Rebuild Ready Program, and has successfully completed work on Rebuild contracts. The units will consist of two (2) affordable single-family homes and one (1) market-rate single-family home. The homes fit within the context of the neighborhood.

Mr. Hestand explained that the affordable single-family homes will be two stories, with an unfinished basement, and contain three (3) bedrooms and two (2) bathrooms at 1,100 square feet each. They will be sold to purchasers with a household income at or below 100% of AMI for a maximum sales price of \$280,000. The affordable homes will be eligible for the Neighborhood Preservation Initiative's Turn the Key Program and will be subject to a Declaration of Restrictive Covenants. The market-rate unit will be three (3) stories, with an unfinished basement, front porch and roof deck, and contain three (3) bedrooms and two and a half (2 ½) bathrooms at 1,400 square feet. The estimated sales price will be \$349,000. The application was unsolicited and evaluated pursuant to the disposition policy, and an EOP plan will apply to this project. The affordable units will be 4910 Kingsessing Avenue and 6130 Ellsworth Street. The market rate unit will be 5108 Chester Ave.

Schofield followed all the same processes and procedures as previously approved developers. He provided frontage-specific plans for the various lot widths, and he hosted a community meeting on February 18, 2025, with a total of twenty-two (22) participants. Schofield is in attendance at today's Board meeting.

Chair Wetzel called for questions or comments from the Board.

Mr. Johns commented that he appreciates the fact that the developer worked hard to match the context with the neighborhood.

Chair Wetzel asked if any written communications were received.

Ms. Saah stated three (3) letters in opposition were received regarding this disposition. The first letter read was sent by Joanne E. McClinton, Speaker of the Pennsylvania House of Representatives. The second letter read was from 6100 Ellsworth Street – Cobbs Creek Parkway Block Association submitted by Co-Block Captains Paula Wright and Angie Johnson and the residents of Ellsworth Street. The third and last letter read was from Councilmember Jamie Gauthier. All letters are attached to these minutes as **Exhibit D**.

Chair Wetzel called for comments from the public in the order that each person signed up.

Ms. Sam Shepherd, a realtor, a committee person for the 3<sup>rd</sup> Ward, and a neighbor of the property located at 6130 Ellsworth Street, expressed concerns about the project's impact on the property values of neighboring homes. Ms. Shepherd proposed scheduling a second meeting to engage with the contractor to allow members of the community to express their concerns.

Mr. Isa Al-Muid, a resident of Ellsworth Street, raised concerns about the recent community meeting regarding the development project, specifically the location, timing, and duration of the meeting. He also expressed concerns regarding the project's design plans matching the context of the neighboring homes.

Mr. Jeremiah asked Mr. Calvin Schofield, the developer and owner of C Schofield Finish Carpentry, LLC, if he wanted to respond to letters from Councilmember Gauthier and House of Representative

Speaker McClinton and the comments from the public regarding the project. Mr. Schofield responded in the affirmative.

Mr. Schofield explained that he tried his best to match the size of the neighboring homes while keeping them affordable. As for community engagement, he stated that he tried to find meeting space as close as possible to the neighborhood, but the recreation centers and schools that he contacted were unavailable. He chose the best and nearest available location in light of the circumstances.

Mr. Rodriguez asked Mr. Schofield if he had thought about making the Ellsworth Street property market rate and the other two properties affordable units.

Mr. Scholfield responded that the option was not feasible as the other two properties were three stories while the Ellsworth property is two stories to match the other homes in the Ellsworth neighborhood.

In response to the Board's inquiries regarding a second community meeting and the concerns expressed by the public, Mr. Schofield stated that the plans for the project had been updated since the last meeting, but the updated plans have not been shared with the community. Suggestions were made to hold a meeting virtually for better accessibility.

Ms. Karen McDaniel, a community member, expressed dissatisfaction with the location of previously held meeting. Ms. McDaniel commented that the design plans for the Ellsworth property do not conform to the existing neighboring homes, as the proposed home is too small when compared to other homes in the area. She also questioned the decision-making process concerning the property's classification as "neighborhood preservation" (i.e., affordable) instead of "market-rate," and voices concerns about adequate timing to review the plans.

Ms. Angie Johnson, Co-Block Captain of 6100 Ellsworth Street – Cobbs Creek Parkway Block Association, advocated for the need of community involvement in the decision-making regarding the development project.

Mr. Ronald Waters, the 3<sup>rd</sup> Ward leader, criticized the lack of meaningful engagement in the development, as well as the timing, location, and duration of the prior meeting. He supported a suggestion that the plans for the development be revised to make the Ellsworth property market value. Mr. Waters also emphasized the need for a second community meeting.

Ms. Sheila Quarrells, a resident of the Ellsworth block, emphasized that the 57 residents of Ellsworth Street have maintained the neighborhood for 20 years and urged the Board to either delay or reject the proposal for the development or provide them next steps on what they can do to protect their community.

Mr. Jeremy Blatstein, a member of the public, commented in support of the project. He expressed that the developer followed the rules by holding a community meeting, adjusted the plans based on feedback, and should not be required to hold a second meeting, as such delays hinder affordable housing initiatives like TTK.

In light of the letter and public comments regarding the project, the Board noted the need for more meaningful community engagement, recognizing the need for the developer to revisit the community after adjusting the plans.

Chair Wetzel then called for a motion.

Mr. Jeremiah moved to postpone the matter to allow the developer and the community another opportunity for meaningful engagement. Ms. Gonzalez second the motion.

Upon motion made and duly seconded, the Board unanimously voted to postpone the matter.

Mr. Goodman highlighted the uniqueness of the application due to the properties' distance from each other and emphasized the need to clarify the distinction between developer presentations and Turn the Key informational sessions to ensure meetings remain focused on their intended purpose.

#### <u>Item V.A.3. Development – Affordable Housing (unsolicited)</u>

Mr. Hestand asked the Board to authorize the disposition of 3323 W. Allegheny Avenue, 3216 N. Newkirk Street, 2942 and 2944 W. Wishart Street, and 3212 N. 33<sup>rd</sup> Street to ReNew, LLC to develop five (5) homeownership units in the Fourth (4th) Council District. The units will consist of three (3) affordable single-family homes and two (2) market-rate single-family homes. The homes fit within the context of the neighborhood. The three (3) affordable single-family homes will be two (2) stories, without a basement, and contain three (3) bedrooms and two (2) bathrooms at 1,000 square feet each. They will be sold to households with incomes at or below 100% of AMI for a maximum sales price of \$280,000, will be eligible for the Neighborhood Preservation Initiative's Turn the Key Program, and will be subject to a Declaration of Restrictive Covenants. The two (2) market-rate units will be three (3) stories, with a finished basement, and contain three (3) bedrooms and three and a half (3.5) bathrooms at 1,500 square feet each. They will be sold at an estimated sales price of \$400,000. The application was unsolicited and evaluated pursuant to the disposition policy, and an EOP plan will apply to this project.

Chair Wetzel called for questions from the Board.

Mr. Goodman asked whether the market rate price estimate was determined by Land Management staff or the applicant.

Mr. Rodriguez responded that the price of the market-rate homes will be determined by the market at the time of their sale. Those prices are not set in advance.

Chair Wetzel asked if any written communications were received. Ms. Saah indicated that a letter of support was received from Councilmember Curtis Jones, Jr., and then read the letter into the record. The letter is attached to these minutes as **Exhibit E**.

Chair Wetzel called for questions from the public. There were none.

Seeing no further comments from the public or the Board, Chair Wetzel called for a motion.

Mr. Jeremiah moved to approve the disposition. Ms. Rashid seconded the motion.

Upon motion made and duly seconded, the Board unanimously approved the **Resolution Authorizing** Conveyance of 2942 West Wishart Street, 2944 West Wishart Street, 3323 West Allegheny Avenue, 3212 North Newkirk Street, 3216 North Newkirk Street to ReNew, LLC (attached to these minutes as **Exhibit F**).

## Item VI Public Comment (Old & New Business)

Chair Wetzel noted that one person had signed up to comment on old or new business, namely Jeremy Blatstein. Mr. Blatstein expressed concern regarding the delayed construction of 43 Turn the Key homes due to the inaction of Council, flaws in the approval process, and the need to align policy with financial feasibility to achieve Mayor Parker's housing goals.

Chair Wetzel called for questions or comments from the public.

Ms. Karen McDaniel, a resident of Ellsworth Street, commented that developers are profiting from multi-unit home preservation projects while constructing unattractive homes that fail to conform to the existing homes in the neighborhood.

## Item VII Adjournment

Seeing no further comments from the Board or the public, Chair Wetzel called for a motion to adjourn.

Mr. Jeremiah moved to adjourn the meeting. Mr. Dema seconded the motion.

Upon motion made and duly seconded, the Board unanimously voted to adjourn at 11:20 am.

                                                        12
    the rules for public comment, please.
                                                             applicants, staff members, board members or any
13
                                                        13
         MS. SAAH: Yes, and actually if I could
14
                                                        14
                                                            other members of the public.
15
    ask everyone who would like to make a public
                                                        15
                                                                 Also any comments made during this meet-
    comment during on any agenda item to please be
                                                        16
                                                             ing, please identify yourself when you speak.
16
17
    sure to sign up if you haven't already, because
                                                        17
                                                             And we will summarize comments in the minutes
18
    that way our chair will be able to call on you
                                                        18
                                                             and also attach any previously sent in comments
19
    at the appropriate time. And also if you have
                                                        19
                                                             or emails which the board has been provided,
2.0
    not yet signed just the attendance sheet, we
                                                        2.0
                                                             and we will append those to the minutes. Thank
                                                             you.
21
    also do need that, by law we are required to
                                                        21
22 provide a list of who attended for the Sunshine
                                                        22
                                                                  THE CHAIRMAN: Thank you, Andrea. The
23 Act. So our rules are that during the board
                                                        23 minutes of the February 11th meeting were dist-
    meeting if you wish to comment on an agenda
                                                        24 ributed to the board, can I get a motion to
   item, we ask that you sign up prior to -- prior
                                                        25 adopt those minutes.

12
13
        MS. GONZALEZ: Aye.
                                                      13
                                                          four condos were to be developed at 60 percent
14
         MR. JEREMIAH: Aye.
                                                      of AMI through the sales price of 199,999.90.
                                                      15 One condo at 80 percent of AMI with the sales
15
         THE CHAIRMAN: Aye. Opposed nay? The
16
   ayes have it. The executive director's report.
                                                      16 price of 250,000, six condos at a hundred thou-
17
         MR. RODRIGUEZ: Good morning, board chair
                                                      17 sand -- sorry, at 100 percent of AMI of
18 and board, members of the public. Today I have
                                                          $280,000. They're all eligible for Turn the
                                                      18
    three items I'd like to present to the board,
19
                                                      19
                                                          Key, three market rate condominiums and five
                                                          single family market rate homes. This project
    first are approved changes to approved proj-
                                                      20
    ects. So pursuant, pursuant to Resolution No.
                                                          is located at 4422 and 4426 through 30 Ludlow
21
                                                      22 Street and 18-20, 24 to 28, 30, 34-36 South
22
    2023-32 allowing the executive director of the
23
    land bank from time to time on behalf of the
                                                      23 44th Street.
24 land bank to approve an increase in the maximum
                                                     24
                                                             The approved change was for four condos at
25 price of affordable ownership units constructed
                                                      25 60 percent of AMI increasing the sales price to
                                             Page 8
                                                                                                   Page 9
1 199,990 to 229,900 for the single condo at 80
                                                          the 5th Councilmanic District. This project
2 percent of AMI, the sales price would go from
                                                       2 was an assemblage of properties for the devel-
    250,000 to 265. The AMI of, of the board ap-
                                                          opment of forty-three Turn the Key homes to be
3
                                                          sold at 100 percent of AMI with a sales price
    proved disposition remains at 60, 80 and 100
                                                          of $280,000. Council resolution was transmit-
 5
    percent of AMI.
                                                       5
 6
         The reason for this approval is due to
                                                          ted to council and placed on file on November
    significant lending and construction increases,
                                                          21st, 2024, but it had not been introduced, so
 8
    cost increases from the time of submission and
                                                       8
                                                          it had been in excess of sixty days so with --
                                                          we withdrew the award of that application.
9
    the board and council approval and receiving,
                                                      9
10
    receiving of permits to current debt. So as
                                                      10
                                                               Finally I'd like to update the board on
11 a -- as a result home pricing, development pri-
                                                      11 some Turn the Key items. We had a ribbon cutt-
12 cing has gone up as originally estimated. I
                                                      12 ing recently on March 4th at 10th & Cecil B.
13 would say that this is a consistent process,
                                                      13 Moore, it was very well attended, the mayor
                                                      14 attended. I would like to point out that the
14 problem that we're seeing across the board.
15 We're looking at construction prices across the
                                                     15 homeowner that was featured was chief of staff
                                                      16 for township member, member Kendra Brooks, and
16 board and trying to see how we can address
   that, but lumber prices are going up, insurance
                                                      17 she also has a second staff member in our off-
17
    prices are going up. The new regulatory re-

13 District. Specifically this dispo -- disposi-
                                                   13 MR. RODRIGUEZ: Sure.
14 tion would be for the expansion of the Schuyl-
                                                           THE CHAIRMAN: I'm trying to figure it
15 kill River Trail and the second councilmanic
                                                   15 out, are they on the east or west side?
                                                   16
16 district.
                                                          MS. SAAH: East.
        THE CHAIRMAN: Thank you, Angel. Are
                                                          MR. RODRIGUEZ: East.
17
                                                   17
                                                            MR. GOODMAN: So there are two --
18 there any questions from the board?
                                                   18
       MR. GOODMAN: Yes, just one question. So
                                                          MR. RODRIGUEZ: They're closer to Cobbs
19
                                                   19
20 are, so will these properties actually have
                                                   20 Creek --
    trails built on them, or are they kind of part
                                                           THE CHAIRMAN: Right.
                                                   21
22 of a swap to get water from the plan, 'cause
                                                   22
                                                            MR. RODRIGUEZ: -- than the Schuvlkill
23 it's not actually on the --
                                                   23 River itself, so I guess it's part of the con-
       MR. RODRIGUEZ: No, this is actually
                                                   24 nection.
2.4
25 they're going to build a trail. So this is the
                                                   25 THE CHAIRMAN: Okay.
                                          Page 12
                                                                                              Page 13
1
         MR. RODRIGUEZ: Once you get down to the
                                                    1
                                                            THE CHAIRMAN: Or a motion, I'm sorry.
   southwest and loop around is my guess.
                                                    2 May I have a motion to adopt this interagency
3
       MS. SAAH: And there is private property
                                                    3 transfer.
4
    along the river there that it has been built on
                                                    4
                                                        MS. KRISS: So moved.
    so that it's winding around.
                                                    5
                                                            MR. JOHNS: Second.
5
6
        MR. RODRIGUEZ: So there are actually two,
                                                    6
                                                            THE CHAIRMAN: Motion has been made and
    there's another issue that's coming up as well
                                                    7 properly seconded to effectuate this interag-
   connecting from the Schuylkill River across --
                                                    8 ency transfer, all in favor say aye.
8
       THE CHAIRMAN: Across from --
                                                   9 MR. DEMA: Aye.
9
10
         MR. RODRIGUEZ: -- PRA land on 84th Street
                                                   10
                                                          MS. GREENBERG: Aye.
11 to the Hines Foundation. And then also I know
                                                          MR. JOHNS: Aye.
                                                   11
12 they're working, the Clean Air Foundation is
                                                          MS. KRISS: Aye.
13 working with Tinicum County on a plan to have
                                                   13
                                                          MR. GOODMAN: Aye.
14 another trail coming up through there to, to do
                                                          MS. GONZALEZ: Aye.
                                                   14
                                                          MR. JEREMIAH: Aye.
15 that. We'll see what happens with the new
                                                   15
16 front end scheme so.
                                                   16
                                                           THE CHAIRMAN: Aye. Opposed nay? The
17
       THE CHAIRMAN: I hear you. Andrea, was
                                                   17 ayes have it. The next item.
                                                            MR. RODRIGUEZ: So the next item would be
18 any written comments submitted on this?
                                                   18
19
       MS. SAAH: No, there were no written com-

1 to attend. Additionally, residents have approached me to express apprehension that the proposed design of the structure is not in 4 keeping with the historic architectural style of the neighborhood."

Page 19

"Because of this I fear the proposal would negatively impact the character of the area and, consequently, their property value. At the required informational meeting the developer provided little information regarding 6130 Ellsworth specifically, and neighbors were un-12 able to ask a sufficient number of questions. 13 Neighbors were able to rearrange their calen-14 dars and attend, left with just as many con-15 cerns as they had at the beginning of the pres-16 entation if not more. Obviously, residents in 17 the area surrounding 6130 Ellsworth care about 18 their community, and want to ensure that any 19 development that takes place there benefits all." 20

> "They should at the very least be provided with detailed info, information about any project and the, the ability to ask questions freely and without stringent time constraints at a location that is near to the parcel in ques-

tion. In Cobbs Creek we have a strong sense of 1 community with active associations contributing greatly to our quality of life. Neighbors look out for each other and want what's best for the area at large. We are supportive of efforts to make housing available for more people, and we just want the process to be open, fair and considerate to neighbors' concerns." 8

"I respectfully urge the board to work 10 with the developer to ensure that any development in the area aligns with the interest of 12 the community, and that the proper process is 13 followed. Thank you for your time, and if you 14 would like to discuss this matter further, 15 please do not hesitate to contact me. Sincerely, Joanna E. McClinton, speaker of the PA 17 House of Representatives."

Next we have a letter from the Cobbs Creek Parkway Block Association submitted by Paula Wright and Andrea Roth -- Andrea Johnson, coblock captains and residents of the 6100 Ellsworth/Cobbs Creek Block Association.

"Dear Ms. Saah: We at the 6100 Ellsworth Cobbs Creek Block Association, an active group of fifty-seven homeowners with over forty years

Page 21 1 of community involvement, are voicing concerns about a proposed -- proposed development at 6130 Ellsworth Street, a property we have maintained for over twenty years. Our key issues 5 include inadequate public engagement. The required informational meeting was held approximately two miles from the property, and the de-8 veloper provided minimal details about the pro-9 ject. As a result, over thirty neighbors left 10 without having their questions answered."

"Two, design and scale concerns. The pro-12 posal involves constructing an 1100 square foot home attached to an existing home of over 1700 square feet which is notably smaller than other 15 homes in the neighborhood. Three, architectu-16 ral incompat -- incompatibility. The proposed 17 structure does not match the historic architec-18 tural style of the community, which we believe can negatively affect the neighborhood's character and property values."

"Four, calls for transparency and division. While the association supports efforts to expand housing availability, they insist that the process must be open, fair and considers a community's concern. We are requesting

                                                                                                 Page 27
         ISA AL-MUID: Salam Alaikum, good morning
                                                       1 be some problems of skirmishes, arguments be-
 1
 2
                                                          cause you know how people are. They want to
    everyone.
 3
         THE CHAIRMAN: Good morning.
                                                          set their backyard up, have their cookouts, and
         ISA AL-MUID: My name is Isa Al-Muid.
                                                          all that noise and whatnot is going to go right
    It's I-S-A, Almuid, A-L hyphen M-U-I-D, and I'm
                                                          to the neighbor next to them. And that's going
    a resident of Ellsworth Street. My concern is
                                                         to be an issue, that we're trying to avoid that
 6
                                                      6
 7
    that when we came to the meeting it was proba-
                                                      7
                                                         in the future also.
 8 bly about 20 degrees out, that's one thing, at
                                                      8
                                                              Now, as far as if -- I don't know if it's
 9 night. And when we started to have a meeting
                                                      9 as far as -- I'm hearing that this board might
10 it seemed like the Turn the Key person took
                                                     10 be able to get some money to give the develo-
                                                     11 per, not give but find somebody to grant to
11 about 30/40 minutes if not more. The developer
12 showed some slides about his work, you know
                                                     12 some -- feel me what I'm hearing if that would
13 renovations but nothing from him building from
                                                     13 be possible. If some kind of grants money
   the ground up, okay. With this property if we
                                                          could be given to him so he wouldn't have to
                                                     14
15
    saw some designs that show a garage door on the
                                                     15
                                                          incur any future, you know, additional cost so
    back of the house, and if you look at the prop-
                                                          they can build the house as long as possible,
16
                                                     16
17
    erty --
                                                     17
                                                          because at least it's almost matching the house
18
         If you have a garage that's in the house,
                                                     18
                                                          next to it.
    and the rest of the house to the driveway that
                                                     19
                                                               Because in the future if that stucco comes
19
    runs from block to block behind the houses and
                                                     20 off that building, the house is going to be at-
2.0
                                                     21 tached to it partially, now the other person is
21 Cobbs Creek Parkway, the ground would have to
22 qo down. That's one issue, so these are the
                                                     22 going to have to get that, you know, worked on.
   questions we need to ask them. Or the other
                                                     23 And now you got ladders going in somebody's
24 issue is if there's going to be a backyard
                                                     24 yard who may fix it up and all that, so again
25 going all the way back, in the future there may
                                                     25 we're trying to stop some, some problems going
                                                                                                 Page 29
 1 forward.
                                                         stion?
 2.
         But the main thing is he didn't give us
                                                      2
                                                              THE CHAIRMAN: Sure.
 3 enough time. We might've had five minutes or
                                                      3
                                                              MS. SAAH: Yes.
 4
   so, even though he said we was going to be --
                                                              CALVIN SCHOFIELD: Do you have any ques-
                                                      4
 5 We, there was only one person there for the
                                                      5 tions?
 6 other two properties out of the three proper-
                                                             MR. JEREMIAH: Do you want to respond to
 7 ties that he was looking at and we didn't, we
                                                     7 the council member and the state majority spea-
 8 didn't get any time. So these are the kinds of
                                                      8 ker's comments with regard to the project?
 9 questions we need to ask the developer and we
                                                      9
                                                               CALVIN SCHOFIELD: Yes, I can answer the
10 need to. So we're just asking them to hold off
                                                     10 questions. As far as the size of the home, I
11 for now until we can have a meeting with them
                                                         tried my best to, to accommodate that the size
                                                     11
12
    and get certain things straightened out.
                                                     12
                                                          of the house and to make it affordable. You
13
         THE CHAIRMAN: Thank you for your comment,
                                                     13
                                                          know, I was unable to, to make the house with
14
    sir. The next person signed up is Calvin Scho-
                                                     14
                                                          the square footage of the other houses because
15
    field.
                                                          there's no way that I could've made it afforda-
                                                     15
16
         CALVIN SCHOFIELD: Good afternoon every-
                                                     16 ble you know at, at that square footage.
   body. I apologize for my voice, I'm just gett-
                                                               MR. JEREMIAH: What about with regard to
17
                                                     17
    ing over a cold.
                                                     18 the engagement for the community?
18
         So is there any questions?
                                                               CALVIN SCHOFIELD: The engagement for the
19
                                                     19
2.0
         MS. KRISS: You're the developer.
                                                         community I tried -- As far as the distance, I
         THE CHAIRMAN: You signed up to make pub-
                                                         tried my best to make it as close as possible,
21
                                                     21
                                                         I went to every -- I went to three recreation
22
  lic comments.
                                                     22
23
        CALVIN SCHOFIELD: No, no, I'm sorry. I'm
                                                         centers, all three of them were closed for re-
                                                     2.3
24
    sorry, I signed the wrong form.
                                                     24
                                                          habilitation. I went to three schools, you
25
         MR. JEREMIAH: May I ask, may I ask a que-
                                                     25
                                                          know I went to Calvin D, I went to Mitchell
```

## Philadelphia Land Bank Board of Directors Meeting 03/11/2025

```
Page 30
                                                                                                Page 31
 1 that was closer to, to that location, um,
                                                      1 that then you know I'm getting, I'm trying the
                                                     2 three properties. If I did that then there
2 talked to the principals. I couldn't get ap-
3 pointments you know for, you know in any of
                                                     3 would be two at market rate and one at afford-
 4 those schools, um, so I was left to find ano-
                                                     4 able rate.
                                                             MR. RODRIGUEZ: Well, you would swap out
 5 ther location.
        So that was the closest location that I
                                                     6 and there would still be two affordable so
 7 could find. I apologize to the people that had
                                                     7 you're looking at identified as market rate.
 8 to come out in the cold, but I can't control
                                                     8
                                                              Have you explored taking one that you
    the weather and that's the closest location,
                                                     9 identified as market rate and making it affor-
    you know. They did, they did come out you know,
                                                         dable and then this property market rate? It
                                                     10
11
    so you know I --
                                                     11
                                                         seems like it's the bigger property.
         MR. RODRIGUEZ: I have a question for you.
12
                                                     12
                                                              CALVIN SCHOFIELD: You know, I didn't ex-
         CALVIN SCHOFIELD: Yes.
                                                     13 plore that, but I don't think that would be a
13
        MR. RODRIGUEZ: If you were able to you --
14
                                                     14 good choice. And the reason I'm saying that is
15 There is mixed income projects, so you have one
                                                     15 because one property is a three-story on, on
16 that is market rate and the other two that are
                                                     16 Kingsessing, and the other property on Chester
17 affordable. If the one you had selected as
                                                     17 Avenue is also a three-story, so the property
18 market rate, what would the --
                                                     18 on Ellsworth is a two-story. You know I tried
       Have you explored turning this property
19
                                                     19 to make it as identical as I could, you know,
                                                     20 other than the length you know, so it does look
20 into a market rate property, in which case
21 would that offset the cost to build a 1700-foot
                                                     21 like the other homes.
                                                            MR. RODRIGUEZ: Thank you.
   property?
                                                     22
         CALVIN SCHOFIELD: Well --
                                                     23
                                                              CALVIN SCHOFIELD: Okay.
         MR. RODRIGUEZ: If ever?
                                                     24
                                                              THE CHAIRMAN: I have, just excuse me one
         CALVIN SCHOFIELD: Well, if I -- If I did
                                                     25 second.
                                           Page 32
        (Discussion off the record.)
                                                     1 garage from the -- from the backstreet or
         CALVIN SCHOFIELD: Hey, excuse me, is
                                                     2 alleyway, so there were some inconsistencies.
                                                             CALVIN SCHOFIELD: I'm sorry, you said
 3 there one other thing I can say. One gentleman
                                                     3
 4 said that they only had five minutes to speak
                                                     4 there was a back door that --
                                                             MR. JOHNS: In your rear elevation in one
    at the meeting, it was more than five minutes.
                                                     5
    You know, yes, the Turn the Key person did
                                                         of the, of that plan it showed a garage door,
    speak you know, but I, I gave everybody a
                                                     7
                                                         but it did not show any way to get from where
    chance to speak. I also gave out pamphlets you
                                                         the cars were parked to the garage and the
    know to show the plans of the homes, you know,
                                                     9 floor plans didn't show it.
10 so you know I did as much as I could to inform
                                                              MR. GOODMAN: And that's also a question
                                                     10
11 them of exactly what I'm trying to do.
                                                     11 about the backyard in general, right, like all
12
    MS. KRISS: Are you open to having another
                                                     12 that back space, how it would be you know con-
13 community meeting like closer to this location?
                                                     13 structed and programmed inside and the --
       CALVIN SCHOFIELD: Well, I personally
                                                     14
                                                              MR. JOHNS: And the difference in grade
15 don't think it's necessary because the people
                                                     15 between the actual, where the cars are parked
16 that was there I spoke to. They, they asked
                                                     16 in the back and the height of where the first
17 questions and I, I gave them the plans. I
                                                     17 floor level is and the front of the house.
                                                     18 That's a completely different grade and, and,
   don't know what else I could say to them to, to
    satisfy their, their issues, well, other
                                                     19
                                                         and the, this plan didn't reflect any of that.
    than -- other than not build there.
                                                             MR. RODRIGUEZ: That was updated, though.
                                                     20
21
       MR. JOHNS: Well, there, there were some
                                                     21
                                                              CALVIN SCHOFIELD: Yes.
22 inconsistencies, we had our developer bring out
                                                     22
                                                              MR. JOHNS: No, I'm saying that -- I'm
23 a need. And one of the gentlemen mentioned
                                                     23 assuming that the ones that the community saw
                                                     24 were initially which didn't reflect the --
24 that, you know, your back elevation showed a
25 garage door where, where no way to get to the
                                                     25
                                                             CALVIN SCHOFIELD: Right, and like, like
```

### Philadelphia Land Bank Board of Directors Meeting 03/11/2025

```
Page 34
                                                                                                  Page 35
1 I'm saying -- I'm saying it was upgraded and we
                                                          know it is important for developers to hear
2
   actually took the garage out.
                                                      2
                                                          from the community. And sometimes you know
         MR. JOHNS: But the community didn't see
3
                                                      3
                                                          their recommendations may not make it to the
4
    it, that's what I was --
                                                          final design, but I think to be good neighbors
5
        MR. DEMA: Is the community aware that
                                                      5
                                                          with them it is really critically important to
    that is out?
                                                          take that feedback.
 7
         CALVIN SCHOFIELD: No, that that --
                                                      7
                                                               And as much as possible if they're having
8
         MR. DEMA: What was presented at the com-
                                                      8
                                                          requested another meeting, I think although it
                                                      9
                                                          may seem that it's adding to the process, um,
g
    munity meeting?
10
         CALVIN SCHOFIELD: That that, I'm sorry?
                                                     10
                                                         you know having this presentation and then pos-
         MR. DEMA: What was presented at the com-
                                                     11 sibly coming back at another time would just
11
12
   munity meeting, was it the old plan with the
                                                     12 extend it furthermore. So I think that it is
13
    garage?
                                                     13 important to hear from the community.
         CALVIN SCHOFIELD: Yes.
                                                     14
                                                               CALVIN SCHOFIELD: And I, I understand
14
         MR. DEMA: Okay.
                                                     15 that, and I believe I did. And I did reach out
15
16
         CALVIN SCHOFIELD: Yes.
                                                     16
                                                          to the RCO, Mr. Waters, and I asked him you
17
         MR. JEREMIAH: Have you shared the updated
                                                     17
                                                          know if there's any other questions you know,
18
   plans with the community?
                                                     18 you know he could ask me, and you know I'll try
19
        CALVIN SCHOFIELD: No, I haven't.
                                                     19 and answer. So I did reach out, back out to
         MS. GONZALEZ: I'd like to volunteer also
                                                     20 the RCO.
2.0
21 that you can use Zoom or Teams to be able to
                                                     21
                                                               MR. DEMA: Just another question, and I
22 hold virtual meetings especially for people
                                                     22 know because you're limited because of the af-
23 that are, you know, older adults and also peo-
                                                     23 fordability numbers, but put that aside for a
24 ple that are disabled from the community so
                                                     24 second. But in your analysis do you think
25 they have an opportunity. I think that you
                                                     25 Ellsworth could be developed as a market rate
                                            Page 36
                                                                                                  Page 37
   unit, or do you think the economics -- Put
                                                         the board? We have other speakers on this, so
    aside the affordability issue, right, but just
                                                      2
                                                         thank you. The next person to speak is last
3
    from your developer experience.
                                                      3 name Karen McDaniel, please come.
         Do you feel that you could develop Ells-
                                                      4
4
                                                             KAREN MCDANIEL: Good morning everyone.
   worth as a market rate unit, or you just think
                                                      5
                                                              THE CHAIRMAN: Good morning.
5
   the economics will never make, you know, a mar-
                                                               KAREN MCDANIEL: Just to address some of
   ket rate unit there to get to the full depth of
                                                      7 the things, the concerns and issues that we
8
    the property?
                                                      8 have for the 6100 block of Ellsworth Street
         CALVIN SCHOFIELD: I definitely could make
                                                      9
                                                          property. First and foremost I would like to
                                                         say that Mr. Schofield didn't do his due dili-
1.0
   a market rate house there but, you know, the
                                                     10
11
    numbers just don't, don't work.
                                                     11
                                                          gence in selecting the location for the meeting
        MR. DEMA: I got you.
                                                          because our block is actively engaged with And-
12
                                                     12
                                                          erson School literally at the corner of our
13
         CALVIN SCHOFIELD: You know.
                                                     13
         MR. DEMA: I, I just wanted to see if it
                                                         block. So any time if there's anything that we
14
                                                     14
                                                     15 need, we can have a community meeting over at
15
   is --
         CALVIN SCHOFIELD: The number of prospects
                                                     16 Anderson School which is literally it's on the
16
17 which --
                                                     17 same side of the street as 6130 Ellsworth
         MR. DEMA: -- a result of your property or
                                                     18 Street. So he didn't do his due diligence as
18
    a result of your application.
                                                     19 far as location for the residents there.
19
         CALVIN SCHOFIELD: Yeah.
                                                               So one of the questions that I have which
20
                                                     20
         MR. DEMA: So it's more a result of your
                                                     21 was a major question, is who decides whether a
21
22
   application and not the property?
                                                     22
                                                          property is up for neighborhood preservation or
23
         CALVIN SCHOFIELD: Yes.
                                                     23
                                                          market rate. I'm getting the sense that it's
24
         MR. DEMA: Okay.
                                                     24
                                                          Mr. Schofield or the developers who make that
         THE CHAIRMAN: Any other questions from
                                                     25 decision when they're making their applica-
```

### Philadelphia Land Bank Board of Directors Meeting 03/11/2025

Page 38 Page 39 1 tions, um, but we feel -- I feel that Mr. Schofeet. The houses are 1750, he plans to put in field in general did not do his due diligence an 1100-foot house attached to a 1750 square with all three of these properties. I went and foot house the designs, and then we all have I looked at all three of them, the other propgarages underneath our houses. I didn't see erty on Kingsessing I'm just going to -- Just 5 where there was a garage on his plans that he to give you an example, all the houses on that submitted to us. So his properties that his 6 7 block are on the one side of the street are all 7 designs have not been conformed, they don't 8 three-story houses. 8 conform with the neighborhoods that in which he 9 He proposes to put in a two-story house 9 wants to build any of these proper houses. But 10 and then give the third floor a facade as, as 10 I can only speak for 6130 right now because I 11 if it's a third, third story house but it's 11 live across the street from that one. 12 not. On Chester Avenue the houses on that 12 And we are just not, um, liking his de-13 street they are, um, also all three-story hou-13 sign. And we feel as though if he wants to ses and they are -- they are all also three, 14 build a house there, we feel like the house 15 three-story houses. And but that one is closer 15 should be at market rate it should be and not to, I guess, maybe the folks in University City neigh -- neighborhood preservation. Like we 17 who would be more likely to pay market rate for 17 don't that's just -- I feel like I'm being a the property, um, and so that's probably why he 18 little snobbish right here right now, but that 18 made that one market rate. But if you come 19 particular block if you pulled it up on Google 19 over to the 6100 block of Ellsworth Street, 2.0 2.0 and look at it, it is not -- um, it shouldn't 21 it's a beautiful tree lined area block we have. 21 be designated for neighborhood preservation at Our houses are 104 years old, and his de-22 this particular point in time. So and I don't 22 23 sign does not match at all with the other hou-23 know what the difference in designs are that 24 ses on the, just on the street itself. Um, 24 you all have and what was presented to us and, 25 first of all our properties are 2600, 50 square 25 yes, we did not have enough time. Page 40 Page 41 1 I did speak to Mr. Schofield. I tried to 1 been at Anderson which is a block away, not 2 ask a couple of questions, but we definitely 2 even a block away. We have elderly people on 3 after the meeting that we had, but we as a 3 our block, I'm the youngest one on the block, 4 whole everyone had questions. And the Turn the 4 let me just say that. We have to make sure 5 Key person she just talked, took up the major-5 they have transportation back and forth like ity of our time, so and that meeting was not 6 today. for us for the neighbors on that block. This is difficult for a lot of our blocks 7 8 THE CHAIRMAN: Thank you. The last name 8 -- our, our relatives to come down because they 9 is Johnson, please correct me for your --9 don't have no transportation or parking. It's ANGIE JOHNSON: Angie Johnson. 1.0 a lot, a lot of them need wheelchairs, they 1.0 THE CHAIRMAN: -- your first name, though. 11 11 need assistance. So I'm just asking for our 12 ANGIE JOHNSON: Angie, good morning everynext meeting if we have a next meeting or be-12 fore a decision is made that we come together 13 one. So my name is Angie Johnson and I'm the 13 14 co-block captain of Cobbs Creek, 61st and Ellsas a group, and we can talk about all our con-14 15 worth. So most of the concerns that we had you 15 cerns. We have a lot of concerns, we have a guys covered, so I'm not going to be in here in lot of issues. Some people wasn't here, wasn't 16 16 17 a way where we talked about this for some time. 17 able to make it today to talk about their con-18 But I'm just asking that before a decision is 18 cerns. So can we just get together, and we can 19 made that we come back as a group, I mean we 19 talk and try to come to some kind of conclusion 20 can meet. Because again I heard your concerns 20 for our block, thank you. 21 saying that he couldn't find a place in the THE CHAIRMAN: Thank you so much. 21 ANGIE JOHNSON: You're welcome. 22 neighborhood for the block captain. 22 THE CHAIRMAN: Ronald Waters. We meet at least twice a month. If some-23 23 24 one would've contacted us, we could've made --24 RONALD WATERS: Thank you, thank you I could've made connections and we could've 25 chairman and to the board members. I just want

### Philadelphia Land Bank Board of Directors Meeting

03/11/2025 Page 42 to say I appreciate your entertaining our concerns today. I am the ward leader for the 3rd 2 Ward, I'm also -- We also have an RCO, and also 3 I want to say I want to thank the council lady 4 5 or council member and the state representative 5 6 slash speaker of the house and the block assoc-6 iation for the letters that were submitted 8 today. I think the letters kind of speak for 9 themselves. 10 The meeting that that was held, I heard 11 Mr. Schofield mention that he had went to Mit-11 chell Ecology which is another about two miles 12 ing. 12 away from the 6100 block of Ellsworth Street. 13 13 I just checked the weather conditions for the 14 14 15 night of that meeting that was held at the 15 4700 block of Springfield. The weather was, I 17 believe the highest that day was 27 degrees, 17 18 and that the meeting that was took place in the 18 19 evening about 6:00 in the evening. And the 19 2.0 people from the 6100 block of Ellsworth Street 2.0 21 showed up for that meeting, it was standing 22 room only. And I'm so proud of the residents in that 23 neighborhood, but I'm not surprised. They are 24 that kind of neighborly folks that care about, 25 Page 44 Turn the Key, we wouldn't have showed up, we wouldn't have showed up unless somebody was curious about Turn the Key. The neighbors 3 3 4 showed up because they was curious about what, 4 5 what matters to them. Where they live, where they sleep, where they rest, where they raise 7 their family, that's what matters to them. 7

and they are longtime investors in that community. So when you want to come into the neighborhood and you want to build something, sure we want to know what, what that looks like. We appreciate the fact that Mr. Scho -- Mr. Schofield is a minority developer. But we also 7 when it comes down to our residents, that 8 doesn't matter when it comes down to the res-9 pect that the neighborhood deserves. If you 10 want to come into the neighborhood and build something, we're not against affordable hous-

Page 43

But if you want to come in there, at least give us the respect in the process and make sure that we have a chance to have a meeting that really means something. A meeting that we traveled two miles that night to go to that had very little to do with the 6100 block or 6130 Ellsworth Street, very little. The Turn, Turn -- The Turn the Key dominated most of the time 21 at that meeting and it was very entertaining. 22 We learned a lot about Turn the Key, but we did 23 not have a chance to talk about 6130 Ellsworth 24 Street, that's why we was there.

If we would've known the meeting was about

That did not take place that day.

9

16

17

So I also want to say Mr. Schofield made a 10 mention that he reached out to me after I reached out to him twice, he had never called me. Every time that phone call conversation was initiated it was because I initiated the phone call. As a matter of fact, I had to go through someone else to finally get in contact with Mr. Schofield, a ward leader RCO in the 51st Ward and he never reached out to me.

It's like the lady, the gentleman here 18 19 said. Had he come to us we could've found him 20 a place close by which, which really is how 21 most meetings for community projects happen. 22 They try to reach out to the RCO, they reach 23 out to the neighbors to see if they can help facilitate making an arrangement for a meeting. 2.4 That never took place, it never took place. I

heard them mention two schools, but they were not nowhere near 6130 Ellsworth Street. And as I sat here I heard them, the amount of questions that y'all had for Mr. Schofield, we had 5 questions too. I was happy to hear you all at least had a chance to ask your questions but we didn't, we didn't. And I, and all perfectly --

To be perfectly honest with you, we maybe 9 had a chance to enjoy the architectural pictures that he showed us of some home remodeling that he had performed and they looked nice. But if we was there to get our kitchen remodeled or our bathroom remodeled, then that would've been the place to be. We was there to hear about a development and there's questions about that 'cause I heard -- And I'm glad the question, the gentleman asked the question when you look at what we were told. Now, there's 19 been a change in plans based on Mr. Schofield admitting, you know, he didn't discuss that with us.

All we are asking in all due respect is that he, that we have a meeting, and I will happy -- I'll be happy to accommodate facilitating a location, no problem. They said Mr. 25

## Philadelphia Land Bank Board of Directors Meeting 03/11/2025

```
Page 47
    Schofield told us when we came to that meeting,
                                                       1
1
                                                           now.
    'cause he initially told the members of 6130
                                                                MR. DEMA: Nick Dema.
2
                                                       2
    that they could leave 'cause we gonna have ano-
                                                               RONALD WATERS: Nick Dema, about adjusting
                                                       3
3
                                                          between the three locations, make that property
4
    ther meeting.
                                                       4
5
         RESIDENT: That's right.
                                                       5
                                                           up there the 6130 Ellsworth Street market
         RONALD WATERS: He told us we could leave
                                                           value. That makes a lot of sense to me, that's
    'cause, 'cause he knew the inconvenience that
                                                       7
                                                           a great idea, and thank you for your, your que-
    he had caused. But as I wait by my phone for a
                                                           stion. We have questions and I, I'd just ask
8
                                                       8
                                                           the board to please grant us the chance for us
    phone call after I talked to him and said I'll
9
                                                       9
10
    get in contact with you, the phone call I never
                                                      10
                                                           to be able to ask our questions too. Thank you
11
    received. I had to reach out and I called
                                                      11
                                                           very much.
                                                                THE CHAIRMAN: Thank you very much. I
12
    twice asking him about that meeting that he
                                                      12
13
    promised us that we were going to have. He
                                                      13
                                                           have one more person signed up for this, and I
                                                           think it's Sheila Quarrels. Welcome, state
    promised us that we were gonna have a meeting,
14
                                                      14
                                                           your name and then make your comment.
    he never reached out to me, I reached out to
                                                      15
15
                                                                SHEILA QUARRELS: My name is Sheila Quar-
16
    him. And I want to say that that's a fact,
                                                      16
    that's the honest to God truth, he never
                                                           rels, I'm also a resident of the Ellsworth
17
                                                      17
18
    reached out to me.
                                                           block. I'll be very short. I just want to re-
         So we questioned the process and we ques-
                                                           iterate that we are fifty-seven neighbors who
19
                                                      19
    tioned what's going to happen. If we can't get
                                                           have come together and have maintained that for
20
                                                      20
    clear answers now, we can't trust the process,
                                                           over twenty years. We mold it, we trimmed it,
21
                                                      21
22
    we can't trust it, but we're not against af-
                                                      22
                                                           we did the snow removal, as you see the pic-
23
    fordable housing. And I love your recommenda-
                                                      23
                                                           tures it's pristine. We care about our neigh-
    tion that --
                                                           borhood, and we want this board to care about
25
                                                           it too. We're asking that you either do a
         What's your name, I can't see it right
                                            Page 48
    continuancy or reject this proposal totally or
                                                           about how they want a house that's market right
1
                                                       1
    inform us what is the next process we can do to
                                                           here, that goes against what the councilwoman
3
    protect our neighborhood, that's it.
                                                       3
                                                           would okay on this lot. So it is very hard for
         THE CHAIRMAN: Thank you so much. Very
                                                           developers to come up here and present a proj-
4
                                                       4
                                                           ect that fits all the, the requirements of both
5
    quickly I was wrong, I have one more person
6
    signed up, Jeremy Blatstein.
                                                           the land bank, the community and the councilwo-
7
         JEREMY BLATSTEIN: Hello board, my name is
                                                       7
                                                           man. You then are putting the developer in the
    Jeremy Blatstein. We heard a lot of informa-
                                                           middle of this. They say they are for afforda-
9
    tion just now, and a lot of it goes against
                                                       9
                                                           ble housing, but they are really are not be-
10
    what the process is of a land bank, so I just
                                                      10
                                                           cause they are against this project.
    want to question some questions, right. A let-
                                                      11
                                                                This is the only way that that lot can be
11
12
    ter was written that the meeting wasn't held at
                                                      12
                                                           used for Turn the Key, right. The Turn the Key
13
    or wasn't attended. There's twenty-five to
                                                      13
                                                           has a max sale price of $280,000, you can't
                                                           build a 1700 square foot house and actually
14
    thirty people, there's nothing in the land bank
                                                      14
    rules that say where you have to hold the loca-
                                                           sell it for 280 and make any money. So that's
15
                                                      15
    tion of the meeting. Second, when it comes to
                                                           where your crux is of where and this is where
16
                                                      16
    affordable housing this lot is in the 3rd Dist-
                                                           it's important, I believe, to explain what Turn
17
                                                      17
18
    rict, the 3rd --
                                                      18
                                                           the Key is to the community. So in terms of
         RESIDENT: 3rd.
                                                           what that meeting is for, the meeting is to ex-
19
         JEREMY BLATSTEIN: Yes, the 3rd District.
20
                                                      20
                                                           plain who's going to do that the last bit is,
         RESIDENT: Both of them are.
                                                           and this is where it's very interesting when it
21
                                                      21
         JEREMY BLATSTEIN: Councilwoman Gauthier
                                                           comes to how these meetings are held.
22
                                                      22
   is clear that she in her letter was the last,
                                                               I got pushback last time for holding a
23
                                                      23
   the last sentence of her letter said that she
                                                      24 Zoom meeting. So I just want to make that
25 cared about affordability. You then heard
                                                      25 clear to this board that sometimes it gets
```

## Philadelphia Land Bank Board of Directors Meeting 03/11/2025

```
1 pushed back the other way, that the older peo-
                                                    1 thousand homes, and Turn the Key is a key cru-
 2 ple in the community can't use Zoom and want
                                                    2 cial piece of that. Thank you.
 3 in-person. And again I just think that that's
                                                         MR. JOHNS: Thank you.
                                                          THE CHAIRMAN: Thank you.
 4 a general more, bigger conversation that needs
                                                    4
   to be had because realistically all the land
                                                   5
                                                           RESIDENT: Yeah, Jeremy Blatstein and talk
   bank rules are is hold one community meeting,
                                                    6 all you want, I'll explain it to you.
    it doesn't dictate that.
                                                          RESIDENT: Come on now.
 8
       The last thing I will say is it seems like
                                                   8
                                                           RESIDENT: Be professional, be professio-
                                                   9 nal.
 9 he took the feedback from the community and
10 changed his plans, right, he got rid of the
                                                   10 RESIDENT: Ask for my name, ask for --
11 garage based on after hearing from the communi-
                                                   11
                                                          THE CHAIRMAN: (Strikes gavel.) I, I'm
12 ty. There is no requirement in the land bank
                                                   12 sensing some concerns, and I'm sensing some
13 -- and you can correct me, Angel, if I'm wrong
                                                   13 concerns among the board members as well. One
14 on this -- that you go back with your revisions
                                                   14 of the concerns that I have is if you change
15 to the community after you present it to the
                                                   15 the de- sign, you really should be talking to
16 community, right. Just like as to the second
                                                   16 people again, that that to me is important.
                                                   17 You should go back to the community. So I'm, I
17
   time in the CDR, you don't go back to the CDR a
    third time even after you made changes.
                                                   18
                                                       mean that last --
19
         So in terms of him going to the community
                                                   19
                                                       Does the board sense that we need to sort
   and presenting his project, he then made an ad-
                                                   2.0
                                                       of say this needs more time?
21 justment. So I just want to make it clear what
                                                   21
                                                            MS. GONZALEZ: I would say so, and I
22 rules we're following because if not, all it's
                                                   22 think -- I just want to make a statement that,
23 going to take is a slow dribble of building
                                                   23 you know, when we're talking about community
24 affordable housing. And that does not go in
                                                   24 engagement and community meetings, it's not
25 line with what Mayor Parker's goal of thirty
                                                   25 just to check off the box. It has to be in-
                                         Page 52
                                                                                             Page 53
1 tentional and it has to be accessible, and also
                                                          MR. JEREMIAH: So moved.
                                                   1
                                                           THE CHAIRMAN: Can I get a second.
 2 there has to be clear communications and really
                                                           MS. GONZALEZ: I second.
   give residents an opportunity to, to voice
                                                   3
                                                           THE CHAIRMAN: All in favor to go to the
    their concerns, ask their questions. And if
                                                   4
                                                   5 table.
   things change, you know, I think it's common
   sense to go back to the community and let them
                                                   6
                                                       MR. DEMA: Aye.
                                                          MS. GREENBERG: Aye.
 7 know what those changes are. Because I think
                                                   7
                                                         MR. JOHNS: Aye.
 8 that prevents any delays going forward, and
                                                   8
                                                  9 MS. KRISS: Aye.
10 MR. GOODMAN: Aye.
9 you're able to have better understanding of the
10 project and more support from your residents.
      Because when you start construction, we
                                                   11
                                                         MS. GONZALEZ: Aye.
12 know that we need our residents to be able to
                                                   12
                                                          MR. JEREMIAH: Aye.
13 support it because things can happen, and it's
                                                   13
                                                          THE CHAIRMAN: Aye. Any opposed? The
                                                   14 item is tabled.
14 important to make sure that you have that sup-
15 port in the long term.
                                                   15 MR. GOODMAN: We have to pre -- For previ-
                                                   16 ous board meetings we've had to like issue what
16
    MR. JEREMIAH: Ms. Gonzalez, just to add
   to that. There are significant concerns from,
                                                   17
                                                       table for what purpose, right, if there is a
17
                                                       task that is completed. The task is --
    from the neighbors you have, two letters you
                                                   18
   have from elected officials whose district the
                                                   19
                                                       THE CHAIRMAN: It should be for meaningful
19
20 property is in. My sense is that this matter
                                                   20 reengagement with the community --
21 should be tabled, and to give the developer and
                                                   21 MR. GOODMAN: Yes, yes.
22 the community another opportunity for a more
                                                   22
                                                           THE CHAIRMAN: -- with the revision and
23 meaningful engagement.
                                                   23 the design.
    THE CHAIRMAN: Any other comments from the
                                                   24 MR. GOODMAN: Just as long as that's in
                                                   25 the record, yeah.
25 board? Can I get a motion to table this?
```

## Philadelphia Land Bank Board of Directors Meeting 03/11/2025

```
Page 55
                                           Page 54
1
         MR. RODRIGUEZ: So community meeting and
                                                      1
                                                              MR. JOHNS: Yeah.
                                                              MR. GOODMAN: So I guess, yeah. I guess
2
   redesian?
                                                      2
        THE CHAIRMAN: No.
                                                         we got to rethink, right, because I assume in
3
 4
         MS. KRISS: It's to --
                                                         our head we were always thinking about even the
         THE CHAIRMAN: Share the design changes
                                                      5
                                                         scattered side parcels still being in the same
    that were made after the community meeting that
                                                      6
                                                         community or within a few blocks of each other,
    was held. And it sounds like because this is
                                                          right. So very extenuating circumstance, but I
8
    Ellsworth the school, someone mentioned that
                                                      8
                                                         do think that I want to highlight something
9
    location.
                                                      9
                                                         else.
10
        MR. JEREMIAH: As long as it's accessible
                                                     10
                                                             I wasn't at this meeting so I can't speak
11 it's --
                                                     11 for that, but we have heard from multiple com-
12
        MS. KRISS: At the corner.
                                                     12 munity members in the past where Turn the Key
                                                     13 meetings happened. That when they are supposed
13
        THE CHAIRMAN: I got you, the house --
        MR. JEREMIAH: We'll find a location,
                                                     14 to be developer presentations, they are really
14
15 Mr. Chair.
                                                     15 just Turn the Key info sessions, and I think
16
        MS. GREENBERG: All is well.
                                                     16 it's important for staff to hear that and
         THE CHAIRMAN: Thank you so much.
17
                                                     17
                                                         adapt. When the core topic of the meeting is a
18
        MR. GOODMAN: Got you, Mr. Chair. Can I
                                                     18
                                                         developer presentation, still provide informa-
19
    say a couple things that are broad, more broad?
                                                     19
                                                         tion on Turn the Key, but the developer presen-
         THE CHAIRMAN: Please do.
                                                     20 tation should be the majority of the agenda.
2.0
21
         MR. GOODMAN: One, I mean I think this is
                                                     21
                                                              MR. JOHNS: Agenda, right.
22
   a super, super unique situation, right. I mean
                                                     22
                                                              MR. GOODMAN: And then when it's a Turn
23 let's look at this map, have, has, have we as a
                                                     23 the Key info session you flip those things.
24 board ever seen an application with properties
                                                     24 But we have that is a recurring comment that
25 so far away?
                                                     25 we've heard from community members, but I think
                                           Page 56
                                                                                                 Page 57
1 it's important to relay that to whoever you
                                                      1 the context of the neighborhood.
    know provides the guidance on these meetings.
                                                      2
                                                            The three affordable single family homes
         MR. RODRIGUEZ: I'll address that.
                                                         at 2942 and 2944 West Wishart Street and 3216
         THE CHAIRMAN: Thank you, Andrew. Any
                                                      4
                                                         North Newkirk Street will each be two stories

 4
         THE CHAIRMAN: Aye. Opposed nay? The
                                                        4
                                                           of moving forward again, I go back to this. If
    ayes have it, thank you. And for public com-
                                                        5 Mayor Parker's going to make a push to move
    ment old and new business, I have one person
                                                        6 Turn the Key homes, how are we going to make,
 7
    signed up, Jeremy Blatstein.
                                                        7 ensure that these developers have every oppor-
       JEREMY BLATSTEIN: Hello board, my name is
                                                       8 tunity to make money from it because that's
9 Jeremy Blatstein. I have just two topics to
                                                       9 really difficult right now.
10 talk about. One is it's a shame that forty-
                                                       1.0
                                                             It's that lending, the cost of construc-
11 three homes, Turn the Key homes won't be gett-
                                                       11 tion has gone up, but then and there's certain
    ing built because councilman Jay Young has de-
                                                           council people who want homes even less than
12
                                                       12
13
    cided not to introduce the resolution. But it
                                                       13
                                                           280, that those two things don't line up. So I
    goes further to the point that I brought up two
                                                            think that that's just something to keep in
                                                       14
15
    months ago about what this process looks like
                                                       15 mind as we move forward, thank you.
16 because there's only one step of the process,
                                                             THE CHAIRMAN: Any other public comment?
                                                       16
17 and you're forcing developers to spend more and
                                                       17
                                                               RESIDENT: You mean to speak?
18 more money without even council approval. So I
                                                       18
                                                               THE CHAIRMAN: Hearing none can I get a
19 think this just needs to be something that gets
                                                       19 motion to adjourn the --
20 kept in mind and looked at.
                                                       20 RESIDENT: So the --
21
         Because, for example, for that that home
                                                       21
                                                               THE CHAIRMAN: I'm sorry?
                                                              KAREN MCDANIEL: (Inaudible.) So I guess
22 on that just got tabled, who knows what will
                                                       22
23 happen. But you force the developer to get
                                                       23 I'll take the --
    plans, elevation drawings for all these proj-
                                                       24
                                                           THE REPORTER: What's your name again?
    ects to present to the community. Yes, it's a
                                                       25
                                                                 KAREN MCDANIEL: My name is Karen McDan-
                                             Page 64
                                                                                                    Page 65
1 iel, and I feel like I take a little -- I feel
                                                        1 Philadelphia there are so many houses that are
    some kind of the way about people just thinking
                                                           going in that are so unattractive, and they
    that everyone that lives in certain districts
                                                           look horrible because they do not confirm to
   or areas of the city, that because it's south-
                                                       4 the neighborhoods in which these houses are
                                                       5 being built. And I think that it's a major
5 west and I'm going to go back to Ellsworth
6 Street because that's, that's my home. But
                                                       6 problem and that's it for my comments.
                                                      7
7 just because around, the surrounding area some
                                                              THE CHAIRMAN: Thank you
8 blocks needs preservation, neighborhood preser-
                                                             MR. DEMA: Thank you
9 vation and homes to be built. I think that a
                                                              THE CHAIRMAN: Can I get a motion to ad-
10 lot of these developers are still making money.
                                                      10 journ.
11 I'm listening to developers for their multi-
                                                     11
                                                             MR. JEREMIAH: So moved.
                                                     12
12 unit project, and these projects are going for
                                                               THE CHAIRMAN. Second
13 two something per condo or apartment or what-
                                                      13
                                                               MR. DEMA: Second.
14 ever within the same building.
                                                       14
                                                               THE CHAIRMAN: Motion made, second to ad-
       So they are making money, so I think I
                                                       15 journ. All in favor say aye.
16 take objection to Mr. Jeremy about them not
                                                       16
                                                               MR. DEMA: Ave.
17 making any kind of money because money is being
                                                       17
                                                               MS. GREENBERG: Ave.
18 made. But one of the things that we would like
                                                       18
                                                               MR JOHNS: Ave
19 or not like is having one of these very unat-
                                                       19
                                                             MS. KRISS: Aye.
20 tractive houses being built in our neighbor-
                                                       20
                                                             MR. GOODMAN: Aye.
21 hood. And so that, that's my question and I

1234 Market St., 16<sup>th</sup> Floor, Philadelphia PA 19107 philadelphialandbank.org

#### — MEMORANDUM

To: Philadelphia Land Bank Board of Directors

From: Angel Rodriguez, Executive Director

RE: Executive Director's Report

Date: March 11, 2025

#### **Approved Changes to Approved Projects:**

Pursuant to Resolution No. 2023-32 allowing the Executive Director of the Land Bank, from time to time, on behalf of the Land Bank to approve an increase in the Maximum Price of affordable homeownership units constructed by a Developer as part of a Board-approved disposition, I have approved the increase of the Maximum Price for:

- Unsolicited Application Mixed Income Ludlow & 44<sup>th</sup> Street (CD 3) Northern Libs Partners, LLC
- Land Bank Board approvals:
  - o Resolution 2024-1; 1/16/2024
- Council approvals:
  - o Resolution 240103; 2/29/2024
- Board-approved disposition of nineteen (19) mixed-income homeownership units were approved: 4 condos @60% AMI, sales price \$199,990; 1 condo @80% AMI, sales price \$250,000; 6 condos @100% AMI, \$280,000, eligible for Turn the Key; Three (3) market rate condominiums, Five (5) single family market rate homes, located at 4422, 4426-30 Ludlow St; 18-20, 24-28, 30, 34-36 S 44th St. The approved change was for the 4 condos @60% AMI, sales price from \$199,990 to \$229,900; 1 condo @80% AMI, sales price from \$250,000 to \$265,000. The AMI of the Board-approved disposition remains at 60%, 80% and 100% AMI.
- The reason for the approval is due to significant lending and construction cost increases from the time of submission of the Board/Council approval and receipt of permits for the project to the current day. As a result, the homes cost more to build than was originally estimated.

#### Exhibit B

#### **FY 2025 SETTLED DISPOSITIONS**

#### **Withdrawal of Application Approvals:**

The approval for the following project has been withdrawn because the transmitted council resolution was not introduced:

- Unsolicited Application BMK Properties, LLC (Dover, Oakdale, Stanley) (CD5):
  - 2518, 2522, 2525, 2530, 2561 N. Dover Street; 2544, 2600, 2603, 2611, 2640, 2710, 2837, 2931, 2935, 3019, 3021, 3027, 3029, 3031, 3039 W. Oakdale Street; 2423, 2425, 2437, 2446, 2468, 2469, 2501, 2502, 2505, 2506, 2513, 2516, 2517, 2526, 2529, 2539, 2542, 2556, 2567, 2609, 2620, 2621, 2626 N. Stanley Street.
  - assemblage for the development of 43 Turn the Key homes at 100% AMI, with a sales price of \$280,000.
  - Council resolution was transmitted to Council and placed on file 11/21/2024 but not introduced.

#### Turn the Key Update as of March 11, 2025:

#### **Ribbon Cuttings:**

• The ribbon cutting event on 3/4/25 at 10th and Cecil B. Moore, for 928 Cecil B. Moore (TTK Civetta Ribbon Cutting), went very well. The mayor attended, and it is important to note that the homeowner for the event is the Chief of Staff for Councilmember Kendra Brooks. This is the second staff member in her office who has purchased a TTK home.

#### **Upcoming Ribbon Cuttings:**

- 3/25/25: TTK Riverwards Ribbon Cutting, 3031 Martha Street, 11 am
- 4/9/25: TTK Civetta Ribbon Cutting, 2141 North Franklin Street, 11 am

#### **Exhibit C**

#### **RESOLUTION NO. 2025 - 10**

#### RESOLUTION AUTHORIZING CONVEYANCE OF 2444 ISLAND AVENUE AND 7401 WHEELER STREET TO CITY OF PHILADELPHIA

**WHEREAS**, Section 16-707 of the Philadelphia Code authorizes the Philadelphia Land Bank (the "**Land Bank**") to convey, exchange, sell, transfer, lease, grant or mortgage interests in real property of the Land Bank in the form and by the method determined to be in the best interests of the Land Bank, subject to the terms and conditions of Chapter 16-404 of the Philadelphia Code.

**WHEREAS**, the Board of Directors (the "**Board**") has determined that it is in the best interest of the Land Bank to convey the properties known as 2444 Island Avenue and 7401 Wheeler Street (the "**Property**") to the City of Philadelphia (the "**City**") for disposition, reuse and/or management as determined by the City.

**NOW THEREFORE, BE IT HEREBY RESOLVED** by the Board of Directors of the Philadelphia Land Bank that:

- 1. The conveyance of the Property to the City for One and 00/100 U.S. Dollar (\$1.00) is in the best interests of the Land Bank and is hereby approved.
- 2. The conveyance of the Property complies with all applicable terms and conditions of Section 16-404 of the Philadelphia Code.
- 3. Subject to the terms of this Resolution, the Executive Director and Senior Counsel are each hereby authorized, in the name of and on behalf of the Land Bank, to prepare, execute, deliver, and perform any and all agreements, deeds, and other documents, as may be necessary or desirable, to consummate the conveyance of the Property (collectively, the "Transaction Documents") and, from time to time and at any time, amend, supplement, and modify the Transaction Documents, or any of them, as may be necessary or desirable. The Transaction Documents and any amendments, supplements, and modifications thereto shall contain such terms and conditions as the Executive Director and Senior Counsel shall deem necessary or appropriate subject to the terms of this Resolution, and, when so executed and delivered by the Land Bank shall constitute the valid and binding obligations of the Land Bank.
- 4. The Executive Director with the advice of Senior Counsel may modify this Resolution as may be necessary or desirable to carry out its purposes and intents. The Executive Director or Senior Counsel will notify the Board of all modifications to this Resolution at the next Board meeting following the date of such modifications.
- 5. This Resolution shall take effect immediately upon adoption by the Board.

Adopted by Philadelphia Land Bank Board of Directors on March 11, 2025.

House of Representatives COMMONWEALTH OF PENNSYLVANIA HARRISBURG

March 6, 2025

Philadelphia Land Bank 1234 Market St. 16<sup>th</sup> Floor Philadelphia, PA 19107

Dear Members of the Board:

I am writing at this time regarding the proposed development of a vacant lot at 6130 Ellsworth Street in Cobbs Creek – an area I call home and proudly represent in the Pennsylvania House of Representatives.

West Philadelphia is a tight-knit, diverse neighborhood of residential, commercial, and green spaces. Historically significant, most of the structures in Cobbs Creek are over 100 years old and contribute greatly to the unique character of our community. While Philadelphia and other cities across the country are dealing with an unprecedented shortage in affordable housing units, we need to consider the fabric of existing neighborhoods as well as concerns of area residents when devising a plan to increase our affordable housing options.

Increasing access to housing in Philadelphia and across the Commonwealth, is an issue of paramount importance to me. While I certainly commend and appreciate the developer's desire to construct a number of affordable housing units, including at 6130 Ellsworth, neighbors have raised several concerns to me personally that I wanted to make the Board aware of. It is my understanding that the developer of 6130 Ellsworth, C. Schofield Finish Carpentry LLC, recently held an informational meeting for neighbors to attend, gather information, and ask appropriate questions. This meeting was held at a considerable distance from the parcel in question, resulting in a number of neighbors not being able to attend. Additionally, residents have approached me to express apprehensions that the proposed design of the structure is not in keeping with the historic architectural style of the neighborhood. Because of this, they fear the proposal could negatively impact the character of the area and, consequently, their property values.

At the required informational meeting, the developer provided little information regarding 6130 Ellsworth specifically, and neighbors were unable to ask a sufficient number of questions. Neighbors that were able to rearrange their calendars and attend, left with just as many concerns as they had at the beginning of the presentation, if not more so. Obviously, residents in the area surrounding 6130 Ellsworth care about their community and want to ensure that any development

Page 2

that takes place there benefits all. They should, at the very least, be provided with detailed and thorough information about any project, and the ability to ask questions freely and without stringent time restraints at a location that is near to the parcel in question.

In Cobbs Creek, we have a strong sense of community, with active associations contributing greatly to our quality of life. Neighbors look out for each other and want what is best for the area at large. We are supportive of efforts to make housing available for more people, we just want the process to be open, fair, and considerate of neighbor concerns. I respectively urge the Board to work with the developer to ensure that any development in the area aligns with the interests of the community, and that the proper process is followed.

Thank you for your time. If you would like to discuss this matter further, please do not hesitate to contact me.

Sincerely.

Joanna E. McClinton, Speaker PA House of Representatives

#### 6100 Ellsworth Street - Cobbs Creek Parkway Block Association

March 9, 2025

Andrea Imredy Saah Senior Counsel Philadelphia Land Bank 1234 Market St., 16<sup>th</sup> Floor Philadelphia, PA 19107

Dear Ms. Saah,

We the 6100 Ellsworth/ Cobbs Creek Block Association, an active group of 57 homeowners with over 40 years of community involvement, is voicing concerns about a proposed development at **6130 Ellsworth Street**- a property we have maintained for over 20 years.

Our key issues include:

- Inadequate Public Engagement: The required informational meeting was held approximately two miles from the property, and the developer provided minimal details about the project. As a result, over 30 neighbors left without having our questions answered.
- 2. **Design and Scale Concerns:** The proposal involves constructing a 1,100 square foot home attached to an existing home of over 1,700 square feet, which is notably smaller than other homes in the neighborhood.
- 3. **Architectural Incompatibility:** The proposed structure does not match the historic architectural style of the community, which we believe could negatively affect the neighborhood's character and property values.
- 4. Call for Transparency and Revision: While the association supports efforts to expand housing availability, they insist that the process must be open, fair and considerate of the community's concerns. We are requesting either a revision of the development plans or a rejection of the proposal to ensure that it aligns with the community's interest.

Submitted by Paula Wright/ Angie Johnson, Co Block Captains, and the residents of the 6100 Ellsworth/ Cobbs Creek Block Association Paula Wright can be contacted via email at <a href="mailto:psff@msn.com">psff@msn.com</a> or at 267-738-4517

March 11, 2025

Herbert Wetzel Chair, Philadelphia Land Bank Board 1234 Market Street – 17th Floor Philadelphia, PA 19107

RE: 5108 Chester Avenue; 6130 Ellsworth Street; 4910 Kingsessing Avenue

Dear Chairperson Wetzel,

As the Councilmember of the Third Councilmanic District, I write today to express my concerns about the public meeting held for the above-mentioned addresses.

For such a geographically "scattered" disposition application that proposes development in multiple different neighborhoods, more thoughtful consideration is necessary to ensure residents are properly informed.

The 6100 Block of Ellsworth is located in the southwestern corner of the Cobbs Creek neighborhood and is approximately 1.8 miles from where the meeting was held at 47th and Springfield. While a reasonable location for the other two properties, this is beyond inappropriate for the people of Cobbs Creek. It would have been more appropriate to hold the public meeting in a more accessible location or, as this Agency has encouraged in other instances, to offer a virtual or hybrid option.

Furthermore, it is my understanding that residents from the 6100 Block of Ellsworth requested a second meeting, with community leaders offering to assist in finding a more accessible location or even hosting the meeting virtually. It remains unclear why the applicant did not agree to this option.

Furthermore: as this Board is well aware, I believe public land is a powerful tool. If this tool is to be used to expand opportunities for homeownership, I prefer it be for genuine affordability.

If the Land Bank considers proposals almost 2 miles away from one another as a single application, it must give more thought and appropriate guidance on how and where to conduct the required public meetings. Until then, I hope this body considers allowing for more community engagement on this application.

Sincerely,

Jamie R. Gauthier Councilmember, Third District

J. Gauthier

March 10, 2025

Philadelphia Land Bank 1234 Market Street, 17<sup>th</sup> Floor Philadelphia, PA 19107

Subject: Support Letter | ReNew, LLC

To the Philadelphia Land Bank,

I am writing to express my strong support for ReNew, LLC's application to acquire five residential lots from the City of Philadelphia.

Mark Lawson, the owner of ReNew, LLC, is an experienced developer and a participant in the Black Squirrel *RiSE Real Estate Accelerator*. This program plays a crucial role in empowering local developers by providing access to capital, hands-on training, and personalized coaching — all backed by Black-led CDFIs — to build quality homes in underserved communities.

Mr. Lawson has collaborated closely with the community and earned their support for his development project, which includes the construction of three affordable housing units and two market-rate units at the following locations:

- 2942 W Wishart St
- 2944 W Wishart St
- 3323 W Allegheny Ave
- 3212 N 33rd St
- 3216 N Newkirk St

#### Exhibit E

I wholeheartedly recommend the approval of the property transfers to ReNew, LLC. This project will transform five vacant lots into much-needed housing, foster economic growth, and create opportunities for Black developers, contractors, and real estate professionals — contributing to a more equitable and inclusive real estate ecosystem in Philadelphia.

Sincerely,

Curtis Jones Jr.

Councilmember-4<sup>th</sup> District

#### **RESOLUTION NO. 2025 – 11**

# RESOLUTION AUTHORIZING CONVEYANCE OF 2942 WEST WISHART STREET, 2944 WEST WISHART STREET, 3323 WEST ALLEGHENY AVENUE, 3212 NORTH 33RD STREET, 3216 NORTH NEWKIRK STREET TO RENEW LLC

WHEREAS, Section 16-707 of the Philadelphia Code authorizes the Philadelphia Land Bank (the "Land Bank") to convey, exchange, sell, transfer, lease, grant or mortgage interests in real property of the Land Bank in the form and by the method determined to be in the best interests of the Land Bank, subject to approval by resolution of Philadelphia City Council, and subject further to the terms and conditions of Chapter 16-404 of the Philadelphia Code.

WHEREAS, the Board of Directors (the "Board") has determined that it is in the best interests of the Land Bank to convey 2942 West Wishart Street, 2944 West Wishart Street, 3323 West Allegheny Avenue, 3212 North 33rd Street, and 3216 North Newkirk Street (collectively, the "Property") to ReNew LLC (the "Purchaser").

**NOW THEREFORE, BE IT RESOLVED** by the Board of Directors of the Philadelphia Land Bank that:

- 1. The conveyance of the Property to the Purchaser for Five Thousand and 00/100 U.S. Dollars (\$5,000.00) is in the best interests of the Land Bank and is hereby approved, subject to approval by resolution of Philadelphia City Council.
- 2. The conveyance of the Property complies with all applicable terms and conditions of Section 16-404 of the Philadelphia Code, subject to approval by resolution of Philadelphia City Council.
- 3. Subject to the terms of this Resolution, the Executive Director and Senior Counsel are each hereby authorized, in the name of and on behalf of the Land Bank, to prepare, execute, deliver, and perform any and all agreements, deeds, and other documents, as may be necessary or desirable, to consummate the conveyance of the Property (collectively, the "Transaction Documents") and, from time to time and at any time, amend, supplement, and modify the Transaction Documents, or any of them, as may be necessary or desirable. The Transaction Documents and any amendments, supplements, and modifications thereto shall contain such terms and conditions as the Executive Director and Senior Counsel shall deem necessary or appropriate subject to the terms of this Resolution, and, when so executed and delivered by the Land Bank shall constitute the valid and binding obligations of the Land Bank.
- 4. The Executive Director with the advice of Senior Counsel may modify this Resolution as may be necessary or desirable to carry out its purposes and intents. The Executive Director or Senior Counsel will notify the Board of all modifications to this Resolution at the next Board meeting following the date of such modifications.
- 5. This Resolution shall take effect immediately upon adoption by the Board.

Adopted by Philadelphia Land Bank Board of Directors on March 11, 2025.
